### **Ballast Tamper with Rotation**

RST03HD 🖓 14 - 24t

Using a RST03HD ballast tamper with rotation, the packing of ballast under sleepers is not only fast, but also efficient and economical. Ideal for road-rail excavators with 14t / 30800 lbs up to 24t / 52800 lbs operating weight.

- ▶ Low weight.
- ▶ Complete with high frequency vibrating unit and rotation.
- ▶ Efficiency: the strong, silent compressor destabilizes the gravel ballast, while the built-in vibration unit is running. The four arms are thrust into the gravel and pack it by vibrating. They move alongside and below the sleeper into the ground and tamper optimally.
- > Flexibility: adjustable arms and force.
- ▶ High frequency.
- Low noise operation.
- > Strong vibration rubbers for low vibration against the machine.
- > Adjustable tamping depth for concrete sleepers or for steel and timber ties.

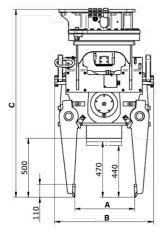

Ballast Tamper RST03HD							
Туре	Gripping range A	Weight	Length B	Height C	Width E	Gripper elements	Compaction force
	(mm/in)	(kg/lbs)	(mm/in)	(mm/in)	(mm/in)	(pcs)	(kg/lbs)
RST03HD	195 - 650 / 7.8 - 25.6	1025 / 2255	840 / 33.1	1600 / 63	635 / 25	4	7500 / 16500

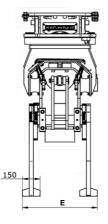

Package consists of: ballast tamper, vibrating unit, KINSHOFER rotation incl. 2 motors

Note: suitable for all kinds of sleepers. For adapters see page 27

#### Accessories

Туре	Description
T650 rigid	bolt-on adapter for "Atlas" quick coupler T620
	supporting rack for transport for RST03HD

#### Requirements of Excavator

Three hydraulic circuits needed, two of them double effective (open / close and rotation) and one hammer line (vibration), with free line to the tank and overflow oil line.

Operating pressure				
(open/close/vibration)				
max. 15 MPa (150 bar) / 2160 psi				

#### Operating pressure (rotate) max. 14 MPa (140 bar) / 2016 psi

Recommended							
oil fl	ow (o	pen/close)					
EΛ	m 01/	0 = 1/min /					

# 13.2 - max. 22.5 GPM

#### Recommended oil flow (vibration) 40 - 45 l/min / 10.6 - max. 11.9 GPM

(free line to tank required)

## Recommended oil flow (rotate)

25 - max. 45 l/min / 6.6 - max. 11.9 GPM
